We provide all of our students, teens and adults alike, the finest in initial and recurrent ground and flight instruction available anywhere at a cost that is truly affordable.

Limited Scholarships available for children of Military, 1st Responders & At-Risk youth.

At Teens-In-Flight, we believe that a well-trained pilot is the best safety device onboard any aircraft. We don't train pilots for ratings – we train pilots for life!

Discovery Flight: Test Drive the Ultimate Off-Road Vehicle in one of our planes. Experience a one-hour discovery flight over Flagler County with one of our professionally trained, certified flight instructors. \$ 49

Ground School: We'll take you from no knowledge to being able to pass your FAA Written Exam. The course will include on-line instruction, classroom instruction and homework, all designed to see you get the best instruction possible regardless of your individual learning style. \$499
